#### INDEPENDENT AUDITORS' REPORT

To the Member of S-H OpCo Carmel Valley, LLC

We have audited the accompanying financial statements of 5-H OpCo Carmel Valley, LLC (the "Company"), which comprise the balance sheets as of December 31, 2016 and 2015, and the related statements of operations, changes in member's equity and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and the fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the fibancial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the tisks of material misstatement of the financial statements, whether due to fraud or error. In making those assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of S-H OpCo Carmel Valley, LLC as of December 31, 2016 and 2015, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### (1) Organization

S-H OpCo Carmel Valley, LLC (the "Company") is an operator of a senior living community (the "Community") in San Diego, California. The Company is committed to providing senior living solutions through a property that is designed, purpose-built and operated to provide the highest quality service, care and living accommodations for residents. The Community offers a variety of living arrangements and services to accommodate all levels of physical ability and health. The Community has 24 memory care units, 90 assisted living units, and 45 skilled nursing beds on one campus.

#### (2) Summary of Significant Accounting Policies

#### **Basis of Presentation**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The significant accounting policies have been summarized below.

The State of California (the "State"), under Health and Safety Code Chapter 10, requires the Company to provide financial statements, which include cash flows presented using the direct method. In accordance with this requirement, the Company has presented cash flows and related reconciliations of net loss to cash flows provided by (used by) operating activities using the direct method for the years ended December 31, 2016 and 2015.

#### Use of Estimates and Assumptions

The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect amounts reported and disclosures of contingent assets and liabilities in the financial statements and accompanying notes. Although these estimates are based on management's best knowledge of current events and actions that the Company may undertake in the future, actual results may be different from the estimates.

#### **Revenue Recognition**

#### (1) Resident Fees

Resident fee revenue is recorded when services are rendered and consists of fees for basic housing, support services and fees associated with additional services such as personalized health and assisted living care. Residency agreements are generally for a term of 30 days to one year, with resident fees billed monthly in advance. Revenue for certain skilled nursing services and ancillary charges is recognized as services are provided and is billed monthly in arrears.

#### (2) Community Fees

Community fees are upfront fees paid by a resident in order to move into the Community. The fees are non-refundable and are recorded initially as deferred revenue. The deferred revenue amounts

are amortized as resident fee revenue using the straight-line method over the estimated length of a resident's stay, which approximates 3 years. The deferred revenue related to community fees amounted to \$66 and \$56 as of December 31, 2016 and 2015, respectively, and is included in other long term liabilities on the accompanying balance sheets.

#### **Restricted Cash**

Restricted cash consist principally of deposits required by the California Department of Social Services ("CDSS").

#### Cash Management

The Company does not maintain operating cash accounts as all operating cash activities are transacted by the member and settled to the Company through net member contributions (distributions) on the Statements of Changes in Member's Equity.

#### Accounts Receivable

The Company reports accounts receivable net of an allowance for doubtful accounts, to represent its estimate of the amount that ultimately will be realized in cash. The allowance for doubtful accounts was \$88 and \$123 as of December 31, 2016 and 2015, respectively. The adequacy of the Company's allowance for doubtful accounts is reviewed on an ongoing basis, using historical payment trends, write-off experience, and analyses of receivable portfolios by payor source, receivables aging, and specific accounts. Adjustments are made to the allowance estimate as necessary. Late or interest charges on delinquent accounts are not recorded until collected.

Billings for services under third-party payor programs are recorded net of estimated retroactive adjustments, if any, under reimbursement programs. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods or as final settlements are determined. Contractual or cost related adjustments from Medicare or Medicaid are accrued when assessed (without regard to when the assessment is paid or withheld). Subsequent positive or negative adjustments to these accrued amounts are recorded in net revenues when known. At December 31, 2016 and 2015, approximately 47% and 57%, respectively, of the Company's accounts receivable was covered by various third-party payor programs, including Medicare and Medicaid. Approximately 35% and 33% of the Company's resident services revenue for the years ended December 31, 2016 and 2015, respectively, was attributable to various third-party payor programs, including Medicare and Medicaid and 2015, respectively.

#### **Property and Equipment**

Property and equipment are recorded at cost. Renovations and improvements, which improve and/or extend the useful life of the asset are capitalized and depreciated over their estimated useful life or remaining lease term. Maintenance and repair expenditures that do not improve or extend the life of assets are expensed as incurred. Depreciation is computed using the straight-line method using the following estimated useful lives:

Leasehold improvements	Shorter of the lease term or asset
	useful life
Furniture and equipment	3 – 7 years

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of long-lived assets held for use are assessed by a comparison of the carrying amount of the asset to the estimated future undiscounted net cash flows expected to be generated by the asset. If estimated future undiscounted net cash flows are less than the carrying amount of the asset then the fair value of the asset is estimated. The impairment expense is determined by comparing the estimated fair value of the asset to its carrying value, with any amount in excess of fair value recognized as an expense in the current period. Undiscounted cash flow projections and estimates of fair value amounts are based on a number of assumptions such as revenue and expense growth rates, estimated holding periods and estimated capitalization rates.

#### Deferred Move-in Costs

Direct resident lease origination costs are initially deferred and amortized as community operating expenses over the estimated length of the resident's stay, which approximates 3 years. The deferred direct lease origination costs included in other assets amounted to \$258 and \$208 as of December 31, 2016 and 2015, respectively.

#### Deferred Lease Costs

Rent expense is recorded on a straight-line basis over the term of the lease. One or more option periods may be included in the lease term if the Company would incur a significant economic penalty by not renewing the lease. Lease escalations during the term of the lease create a deferred lease liability which represents the excess of rent expense to date over the actual rent paid to date. The Company's lease allows for reimbursements for normal tenant improvements paid by the Company up to a specified threshold. These reimbursements are accounted for as lease incentives as defined by Accounting Standards Codification 840, *Leases*, and are initially recorded as deferred liabilities upon receipt. The incentives are recorded on a straight-line basis as a reduction to lease expense over the term of the lease. The net amount of straight line expense recognized as a result of the amortization of this liability totaled \$29 and \$154 for the years ended December 31, 2016 and 2015, respectively, and is included in facility lease expense on the accompanying statements of operations. As of December 31, 2016 and 2015, the Company had a deferred lease liability of \$753 and \$724, respectively.

#### Income Taxes

The Company is treated as a limited liability company for tax purposes. Generally, no provision for federal and state income taxes has been recorded as payment for income taxes is the responsibility of the individual member.

#### **Community Operating Expenses**

Community operating expenses are incurred to maintain the operating activities of the communities and include salary and benefits for community employees, repairs and maintenance expenses, food, marketing and advertising, and insurance.

#### **General and Administrative Expenses**

General and administrative expenses are incurred to manage the communities operations and generally include salary and benefits for employees and other general expenses such as communications and telephone and professional fees.

#### Subsequent Events

The Company has evaluated events subsequent to December 31, 2016 through the date the financial statements were available to be issued, March 24, 2017, and determined that no events have occurred which would require additional disclosure.

#### (3) Property and Equipment

Net property and equipment as of December 31, 2016 and 2015 consisted of the following:

		2016	2015
Leasehold improvements	\$	723	\$ 490
Furniture and equipment		1,043	585
Construction in progress	_	125	 219
	_	1,891	 1,294
Accumulated depreciation		(306)	 (99)
Property and equipment, net	\$	1,585	\$ 1,195

For the years ended December 31, 2016 and 2015, the Company evaluated property and equipment for impairment and no charge was recorded.

#### (4) Accrued Expenses

Accrued expenses as of December 31, 2016 and 2015, consist of the following components:

		2016	2015
Accrued salaries and wages		\$ 200	\$ 108
Accrued vacation		198	161
Accrued insurance reserves		49	34
Other accrued expenses		101	135
	Total	\$ 548	\$ 438

#### (5) Related-Party Transactions

#### Management Agreement

On August 29, 2014, the Company entered into a long-term management agreement with BKD Twenty-one Management Company, Inc. ("BKD"), a related party. Subject to the terms of the agreement, BKD will receive a management fee equal to 5% of gross revenues plus incentives fees as defined in the agreement. Furthermore, out-of-pocket costs and expenses incurred on behalf of the Company by BKD are subject to reimbursement to BKD. The management contract extends through 2029, and has three five-year renewal options. The amount incurred for management fees was \$687 and \$611 for the years ended December 31, 2016 and 2015, respectively.

#### **Community Lease**

On August 29, 2014, the Company entered into a lease agreement (the "Lease") for the use of the Community from S-H Forty-Nine PropCo - California Pack, LP (the "Lessor"), a related party. The term of the Lease is 15 years and is subject to three extension terms of five years each. The Lease contains a \$496 capital refurbishment project allowance for the Community. Under the terms of the Lease, approved capital refurbishment projects will be reimbursed by the Lessor up to the allowance amount. The monthly minimum rent will be increased from time to time for funding provided to the Company by the Lessor for any portion of the capital funding allowance. The lease requires the payment of base rent which escalates annually through August 2019. Effective September 1, 2019, the base rents will be reset to the fair market value rental and will escalate under the terms of the lease through August 2024. Beginning September 1, 2024, the base rents will be reset to the fair market value rental and will escalate under the terms of the lease through the remainder of the term agreement ending in August 2029. Under the terms of the Lease, the fair market value rental is subject to agreement of the Company and the Lessor or will be determined by an appraiser if the parties do not reach an agreement. Additionally, the Lessor may issue notice to the Company requiring it to establish and maintain a repair and maintenance reserve. No such notice has been issued through the date the financial statements were available to be issued. The Company incurred rent expense of \$2,878 and \$2,879 for the years ended December 31, 2016 and 2015, respectively.

A summary of the lease expense and impact of straight-line adjustment for the years ended December 31, 2016 and 2015 are as follows:

	2016		2015
Cash basis payment	\$	2,848	\$ 2,725
Straight-line change for deferred lease Straight-line change for lessor		64	177
reimbursements		(34)	 (23)
Facility lease expense	\$	2,878	\$ 2,879

# S-H OpCo Carmel Valley, LLC Notes to Financial Statements December 31, 2016 and 2015

#### (dollars in thousands except as where otherwise stated)

The aggregate amounts of future minimum lease payments, estimated for fair market value reassessment, under the agreement as of December 31, 2016, are as follows:

Total (through August 2029)	\$ 43,951
Thereafter	28,418
2021	3,295
2020	3,199
2019	3,106
2018	3,016
2017	\$ 2,917

As described above, the future lease payments under the lease are subject to an adjustment to the fair market value rental beginning in September 2019 and September 2024. The future lease payments presented in the table above include an estimate of additional rent payments subsequent to the rent adjustment in 2019.

#### (6) Credit Risk

The Company generally maintains cash on deposit at banks in excess of federally insured amounts. The Company has not experienced any losses in such accounts and management believes the Company is not exposed to any significant credit risk related to cash.

#### (7) Commitments and Contingencies

#### Minimum Liquid Reserve

The CDSS, under Health and Safety code section 1789, requires the Company to maintain minimum debt service and operating reserves for continuing care service providers based on certain financial calculations. The Company holds a reserve balance of \$4,052 and \$4,256 as of December 31, 2016 and 2015, respectively. Additional funding is expected to be required in 2017.

#### **Litigation**

The Company is subject to legal proceedings and claims that arise in the ordinary course of business. However, management believes the amount of potential liability with respect to these actions will not materially affect the financial position or results of operations of the Company.

#### **Insurance**

The delivery of personal and health care services entails an inherent risk of liability. Participants in the senior living and health care services industry have become subject to an increasing number of lawsuits alleging negligence or related legal theories, many of which involve large claims and result in the incurrence of significant exposure and defense costs. Through Brookdale Senior Living, Inc. ("Brookdale"), a related party, the Company currently maintains general and professional medical malpractice insurance policies under a master insurance program. In response to these conditions, Brookdale and the Company have increased the staff and resources involved in the quality assurance, compliance, and risk management.

Through Brookdale, the Company currently maintains single incident and aggregate liability protection in the amount of \$75,000 for professional liability and \$1,000 for single incident and \$3,000 in aggregate for general liability and professional liability, with self-insured retentions of \$100 for single incident and \$600 in annual aggregate. Through Brookdale, the Company participates in a self-insured workers' compensation program, with excess of loss coverage provided by third party carriers. The Company's coverage for workers' compensation and related programs included a shared loss worker compensation program through Brookdale. Brookdale maintains workers compensation coverage through a large deductible policy with a current deductible of \$1,000. Through the shared worker compensation program claims costs are allocated between all participants based on community type. Each participant is assigned a loss factor that is applied to budgeted payroll to accrue claims expense under the program for employee medical coverage. Loss reserves for employee medical coverage are recorded as liabilities by Brookdale with no allocation made to the Company. The resulting loss expenses incurred by Brookdale are allocated to the Company during the year.

Estimated claims reserves related to this self-insurance program are accrued for the ultimate cost of unpaid reported and unreported claims incurred. The reserves are adjusted regularly based on experience. The Company performs a continuing review of its claims and claim adjustment expense reserves, including its reserving techniques, through the engagement of an external actuarial firm. Since the reserves are based on estimates, the ultimate liability may be more or less than such reserves. The effects of changes in such estimated reserves are included in the results of operations in the period in which the estimates are changed. Such changes in estimates could occur in a future period and may be material to the Company's results of operations and financial position in such period. Accrued insurance reserves were \$245 (\$49 in accrued expenses and \$196 in other long term liabilities) and \$165 (\$34 in accrued expenses and \$131 in other long term liabilities) as of December 31, 2016 and 2015, respectively.

#### Health Care Regulations

The health care industry is subject to numerous laws and regulations of Federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services, and Medicare and Medicaid, or other state program, fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Management believes that the Company is in compliance with fraud and abuse statutes as well as other applicable government laws and regulations. Compliance with such laws and regulations can be subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time.

The centers for Medicare and Medicaid Services ("CMS") have implemented a Recovery Audit Contractors ("RAC") program. The purpose of the program is to reduce improper Medicare payments through the detection and recovery of overpayments. CMS has engaged subcontractors to perform

these audits and they are being compensated on a contingency basis based on the amount of overpayments that are recovered. Management expects the Company to be subject to future audits. While management believes that all Medicare billings are proper and support is maintained, certain aspects of Medicare billing, coding and support are subject to interpretation and may be viewed differently by the RAC auditors. As the amount of any recovery is unknown, management has not recorded any reserves related to the RAC at this time.

#### Healthcare Reform

The health care industry in the United States is subject to fundamental changes due to ongoing health care reform efforts and related political, economic and regulatory influences. Notably, the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010 (collectively, the "Affordable Care Act") resulted in expanded health care coverage to millions of previously uninsured people beginning in 2014 and has resulted in significant changes to the U.S. health care system. To help fund this expansion, the Affordable Care Act outlines certain reductions in Medicare reimbursements for various health care providers, including skilled nursing facilities, as well as certain other changes to Medicare payment methodologies. This comprehensive health care legislation has resulted and will continue to result in extensive rulemaking by regulatory authorities, and also may be altered, amended, repealed, or replaced. It is difficult to predict the full impact of the Affordable Care Act due to the complexity of the law and implementing regulations, as well the Company's inability to foresee how CMS and other participants in the health care industry will respond to the choices available to them under the law. The Company also cannot accurately predict whether any new or pending legislative proposals will be adopted or, if adopted, what effect, if any, these proposals would have on the Company's business. Similarly, while the Company can anticipate that some of the rulemaking that will be promulgated by regulatory authorities will affect the Company's business and the manner in which the Company is reimbursed by the federal health care programs, the Company cannot accurately predict today the impact of those regulations on the Company's business. The provisions of the legislation and other regulations implementing the provisions of the Affordable Care Act or any amended or replacement legislation may increase costs, decrease revenues, expose the Company to expanded liability or require the Company to revise the ways in which it conducts business.

In addition to its impact on the delivery and payment for health care, the Affordable Care Act and the implementing regulations have resulted and may continue to result in increases to the Company's costs to provide health care benefits to its employees. The Company also may be required to make additional employee-related changes to its business as a result of provisions in the Affordable Care Act or any amended or replacement legislation impacting the provision of health insurance by employers, which could result in additional expense and adversely affect the Company's results of operations and cash flow.

Dear Members and Board of Directors:

We have audited the continuing care reports Forms 5-1 through 5-5 ("the Reports"), prepared pursuant to the requirements of the report preparation provisions of California Health and Safety Code Section 1792, of the Companies for the year ended December 31, 2016, and have issued our report thereon dated April 26, 2017. Professional standards require that we provide you certain information related to the planned scope and timing of our audits. We have communicated such information in our engagement letter dated September 15, 2016. Professional standards also require that we communicate to you certain other matters related to our audits.

This information is intended solely for the use of the Members and Board of Directors, management and others within the aforementioned companies and is not intended to be, and should not be used by anyone other than these specified parties.

We appreciate the confidence you place in LBMC as your business advisor. We strive to help you stay compliant. manage risk, and improve performance in every way as you grow your business.

# **Qualitative Assessments**

a a she was a she was the s

Area	Detail
Qualitative Aspects of Accounting Practices – Accounting Policies	Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. No new accounting policies were adopted and the application of existing policies was not changed during 2016. We are not aware of any transactions entered into by the Companies during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the Reports in the proper period.
Qualitative Aspects of Accounting Practices - Estimates	Accounting estimates are an integral part of the Reports prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive due to: (i) their significance to the Reports; and (ii) possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Reports relate to:
	<ul> <li>Calculation of revenue applicable to residents without a continuing care contract</li> <li>Depreciable lives of property and equipment</li> <li>Amortization period of resident leasehold intangibles</li> </ul>
	We have reviewed and evaluated all areas where management's estimates significantly impact the Reports and have concluded that they are reasonable in the context of the

Reports taken as a whole.

CONFIDENTIAL | LBMC, PC

4

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No misstatements were detected as a result of our audit procedures.

# Interaction with Management, Independence, and Other Matters

Area	Detail
Difficulties Encountered in Performing the Audit	<ul> <li>For purposes of this report, "difficulties" may include matters such as:</li> <li>the unavailability of, or significant delays in management's providing information,</li> <li>an unreasonable time frame within which to complete the audit,</li> <li>extensive unexpected effort required to obtain audit evidence, or</li> <li>restrictions imposed on the auditor by management.</li> <li>We encountered no significant difficulties in performing and completing our audits.</li> </ul>
Disagreements with Management	For purposes of this report, professional standards define "disagreements with management" as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the reports or the auditors' reports. We are pleased to report that no such disagreements arose during the course of our audits.
Management Consultations with other Independent Accountants	In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If consultation involves application of an accounting principle to the Companies' Reports or a determination of the type of auditors' opinion that may be expressed on those Reports, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.
Management Representations	We have requested certain representations from management that are included in the management representation letter dated April 26, 2017.
independence	We are not aware of any relationships between our firm and the Companies that, in our professional judgment, may reasonably be thought to bear on our independence that have occurred during the period from January 1, 2016 through the date of this report.

# Internal Control Related Matters

In planning and performing our audit of the Reports, we considered the Companies' internal control over accounting and financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Reports, but not for the purpose of expressing an opinion on the effectiveness of the Companies' internal control. Accordingly, we do not express an opinion on the effectiveness of the Companies' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Companies' Reports will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Andrew S. Bissonnette 615-309-2209 Direct 615-294-5502 Mobile abissonnette@lbmc.com CONTINUING CARE RESERVE REPORT PART 5

#### INDEPENDENT AUDITORS' REPORT

The Member S-H OpCo Carmel Valley, LLC:

We have audited the accompanying continuing care reserve report Forms 5-1 through 5-5 (the "Reports") of S-H OpCo Carmel Valley, LLC (the "Company"), as of December 31, 2016. The Reports have been prepared by management using the report preparation provisions of California Health and Safety Code Section 1792.

#### **Management's Responsibility**

Management is responsible for the preparation and fair presentation of the Reports in accordance with the requirements of California Health and Safety Code Section 1792; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of Reports that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Reports based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Reports are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Reports. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the Reports, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the Reports in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Reports.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the Reports present fairly, in all material respects, the liquid reserve requirements of the Company as of December 31, 2016, in conformity with the report preparation provisions of California Health and Safety Code Section 1792.

#### **Basis of Accounting**

The accompanying Reports were prepared in accordance with the report preparation provisions of California Health and Safety Code Section 1792, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The Reports are not intended to be a complete presentation of the Company's assets, liabilities, revenues and expenses. Our opinion is not modified with respect to this matter.

#### **Restriction on Use**

Our report is intended solely for the information and use of the Company and for filing with the California Department of Social Services and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

All providers are required by Health and Safety Code section 1789.1 to provide this report to prospective residents before executing a deposit agreement or continuing care contract, or receiving any payment. Many communities are part of multi-facility operations which may influence financial reporting. Consumers are encouraged to ask questions of the continuing care retirement community that they are considering and to seek advice from professional advisors. Page 1 of 4

# **FINANCIAL RATIO FORMULAS**

### LONG-TERM DEBT TO TOTAL ASSETS RATIO

Long-Term Debt, less Current Portion Total Assets

## **OPERATING RATIO**

**Total Operating Expenses** 

- Depreciation Expense
- Amortization Expense

Total Operating Revenues — Amortization of Deferred Revenue

### DEBT SERVICE COVERAGE RATIO

Total Excess of Revenues over Expenses + Interest, Depreciation, and Amortization Expenses Amortization of Deferred Revenue + Net Proceeds from Entrance Fees Annual Debt Service

### DAYS CASH ON HAND RATIO

Unrestricted Current Cash & Investments + Unrestricted Non-Current Cash & Investments

(Operating Expenses — Depreciation — Amortization)/365

NOTE: These formulas are also used by the Continuing Care Accreditation Commission. For each formula, that organization also publishes annual median figures for certain continuing care retirement communities.
