

## Care Partnering versus Caregiving

**Brian LeBlanc**, *International Alzheimer's Advocate*

**Maureen Rulison**, *President of Caregiver Support and Resources, LLC*

**Juliet Holt Klinger**, *MA, Senior Director Dementia Care*

Join us for a real-life examination of the difference between caregiving and care partnering. In this session we will not only hear from Brookdale's dementia care expert, Juliet Holt Klinger, on the latest research on the caregiving role, but we will hear directly from a person living with dementia and his care partner. We will explore the dynamics of a care partnership and how this relationship can be structured and nurtured to work for both. Brian and his care partner will lead us through their daily journey and some of the "musts" to making this partnership a success.

### Following this presentation the participant will be able to:

1. Review person-centered principals as they relate to the caregiving relationship.
2. Examine the potential pitfalls of a caregiving relationship and learn to view the caregiving relationship as a partnership.
3. Learn from a person living with dementia and his care partner the "musts" of a positive care-partnering relationship.
4. Explore the unique support needs of the care partner.
