

Transforming Quality Dementia Care

SAM FAZIO, PHD

Vice President, Care and Support Programs and Research, Alzheimer's Association®

MAGGIE CATTELL, MA

Associate Director of Care Professional Programs, Alzheimer's Association®

Every 65 seconds, someone in the US develops Alzheimer's disease. Nearly 7 million Americans are living with Alzheimer's,* and the majority will require professional care and support at some point as the disease progresses. This session will discuss the latest findings in dementia programming, policy and research, including an overview of the Alzheimer's Association's Dementia Care Practice Recommendations.

Following this presentation, the participant will be able to:

1. Identify the latest facts, figures, current research and initiatives for Alzheimer's disease.
2. Understand and learn about the Alzheimer's Association's evidence-based Dementia Care Practice Recommendations.
3. Recognize the importance of honoring the goals, preferences and priorities of residents with dementia.
